*Providing piece-of-mind
solutions since 1988*

Do you have the necessary skills in-house to service your entire networking infrastructure?

Do you have networking problems or implementations that you want to be handled quickly by someone who has done it before?

Do you require specialized IT assistance or certified technicians ? Has your IT staff come to a dead end?

Do you need someone to come in, deliver support, and guarantee success?

Expert Systems Resources inc. is proud of its outstanding ability to provide on-going support to meet our customers' varying needs and budget. Comprised of a multi-faceted infrastructure, *ESR's* support centre ensures that our customer care is delivered to your satisfaction.

The technical experts in *ESR's* support centre have a comprehensive set of tools and support infrastructure to get your problems solved quickly and effectively. Our technical experts become your technical experts - on call to help and quickly resolve any problems that occur.

ESR offers standard support packages at fixed prices covering firewalls, LANs, servers, hardware and so on. We offer on-going support which can monitor your network for security concerns, as well as server and network problems. *ESR* support is also available on an as needed basis or a plan can be customized to meet your specific time, scope, and budgetary requirements. Call us today!
